

Go Green and Recycle

With Our Environment-Friendly Recycle Program

Recycle all your worn out, ready to discard probes and receptacles (no matter which brand they are) by using QA's **Environment Friendly Recycle Program**.

QA Technology is aware and sensitive of the industry's need to control and track process materials including those that may have come into contact with lead during assembly and test. **We are now extending a recycle service to all customers to address probe and receptacle recycle requirements.

RECYCLE GUIDELINES:

-  All brands of gold plated/clad spring probes and receptacles can be recycled.
-  **\$25 per pound (net) will be credited.**
-  Ten (10) pound minimum* – Twenty-five (25) pound maximum per box, multiple box shipments are accepted.
-  **QA pays for the return freight charges on shipments.** Contact QA for a return authorization number and shipping details.
-  A credit memo will be applied to Customer's receivable account. No cash refunds.

** For smaller weights, contact QA for more information.*

QA Technology retains the rights to modify any of the terms and conditions contained in the recycle program at anytime at our sole discretion without notice.

***Offer is limited to North American customers only.*

For more information or pricing, please contact one of our **Customer Service Team** members at **603-926-0348** or **sales@qatech.com**.
